

# STOREGGA

## COOKIE POLICY

**“Policy”** means this cookie policy.

**“Storegga Group”** means Storegga Limited, its subsidiaries and affiliates, unless specified otherwise.

### What are cookies?

Cookies are small text files placed on your computer by the websites you visit. They are widely used in order to make websites work, or work more efficiently, as well as provide information to the owners of the website. Cookies may not just be placed by the website you are browsing but also by other websites that run advertisements, widgets, or other elements on the page being loaded. Those cookies regulate how the advertisements appear or how the widgets and other elements function on the page. Cookies use a plain text format and cannot be executed as code or used to deliver viruses and they cannot enable access to your hard drive.

### Why do we use cookies?

When someone visits this site we use cookies to make the site work, and to collect information to help us understand how our website is used. This means that when you visit our website, cookies may be placed on your computer. On this site we use these different sorts of cookies:

**Essential cookies** are strictly necessary for the site to work and are placed on your computer without the need for your consent. We use essential cookies to provide functionality to the website.

**Functional cookies** provide non-essential functionality to the website, and they are only placed on your computer with your consent.

**Analytical cookies** collect information about how visitors use our website; for example, which pages are visited most often and how people navigate around the site. They collect only anonymised data or aggregated information that is used to improve the way the site works and the user experience. They are only placed on your computer with your consent.

### How you can control and delete cookies

Cookies help you get the best browsing experience, but if you do not want Storegga Group to place cookies on your computer you can block the non-essential cookies using your browser’s privacy settings. Cookies already on your computer can be deleted using the browser’s privacy settings. Most browsers have built-in privacy settings that provide differing levels of cookie acceptance, expiration time, and disposal after a user has visited a particular site.

### Data protection

Please refer to this website’s Privacy Notice for further information regarding how we process personal data collected via cookies and for more information regarding the controls in place. If you have any further questions about anything in this Policy, please contact us at [compliance@storegga.earth](mailto:compliance@storegga.earth).
