

## PROJECT TIMELINE AND NEXT STEPS

**AT  
PRESENT**

We are currently in the project concept select phase and pre-application consultation stage of the planning process

Review feedback received during the engagement period and, where appropriate, incorporate this into the facility design and planning

**POST  
FOUR-WEEK  
ENGAGEMENT  
PERIOD**

**OCTOBER  
2024**

Undertake a further consultation period and a second public information event where we can report back on those updates and invite further feedback

Submit two planning applications to Moray Council, in accordance with the requirements of the Town and Country Planning (Scotland) Act 1997, including a Pre-Application Consultation (PAC) report

**LATE  
2024**

**LATE  
2025**

Subject to necessary approvals, commence delivery of the Phase One facilities

Subject to necessary approvals, commence delivery of the Phase Two facilities

**2026**

**2028**

First hydrogen production from Phase One in 2027. Both phases in operation by end 2028, providing a total of 70MW of electrolytic hydrogen production
